
THAT AIR CONDItioner that was dropped by the new city hall was not as expensive as was reported in in The Campbell Press last weeks.

An extra zero and a comma got into the act some place and the figure in the story came our $14,894,000 instead of $14,894.00.

No one caught the error at our joint and we had read the story a couple of times the next day before we noticed the extra $ $ $.

But old eagle-eye Jeff Whitaker, the city's finance director, noticed it right away and immediately suggested that the Press make up the difference.

City Clerk Dorothy Trevethan added her two bits worth by noting with that kind of dough all the features that were being cut from the city hall could be replaced, and much more. We agreed.

As a matter of fact, 14 city halls of the type now under construction could be built for the $14 million.

It would be great if we could pick up some dough by merely adding a zero or comma in the wrong places.

It would be better than a bank.

We always have a lot of commas around.

And plenty of zeros.

MOST OF THE SUBSCRIBERS to The Press took the recent raise in home delivery cost from 25-cents to 35-cents per month without even raising an eyebrow.

Almost all the 50 carrier boys reported to Shirley Hess, circulation manager, that they had no problem in collecting the extra dime from their customers.

There were some, of course, who gave the kids a bad time, maintaining that the one-third increase was not in the national interest in combatting inflation.

The boys as you know, get half of what they collect and only those who pay for the paper get it delivered. Most of the subscribers apparently agreed that 35-cents per month wasn't too much to pay for this sheet.

We admit, however, that increasing any cost by one-third sounds awful.

Obviously we should have increased it a long time ago before the so-called inflationary spiral that we are in got out of hand.

One party scribbled a note on the back of one of the carrier's receipts and asked us to reply by letter to his query: "Is your increase a cost-push or demand-pull inflationary increase?"

(At least, that is the way we deciphered it.)

And the worst part of it is, we don't know how to answer it. Maybe somebody can tell us.

FROM TIME TO TIME people make cracks about the horrible traffic problems involved in traveling freeways.

You know what we mean, bumper-to-bumper and all that.

But what is reassuring is that apparently freeways are the safest places to travel, especially on holidays, according to statistics released by the Division of Highways.

We note, as a case in point, that of the 30 fatal accidents, which took 36 lives in California over the Fourth of July holiday weekend, only eight occurred on the state's freeway system.

Of particular significance, according to the state traffic engineers, is that seven of the eight fatal accidents were single vehicle fatalities and only one accident on the freeway system took more than one life.

On conventional state highways during the holiday week-

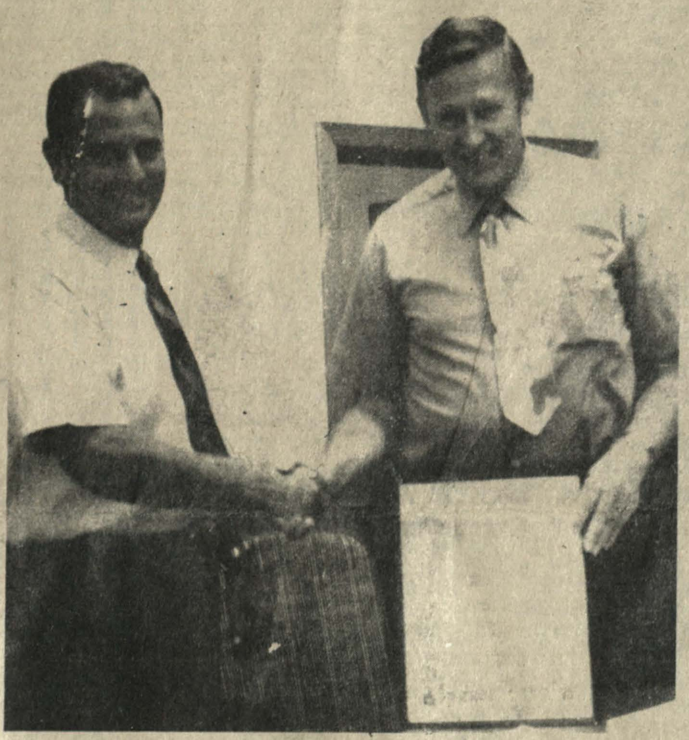
Gas station report

Two go--one to come

One of Campbell's oldest service stations, located at Winchester and Campbell avenues, (above left) built in the late '20's and operated for many years by Fred Jones, pioneer resident of the community, bit the dust this week to make way for a more modern version of the gasoline dispensary trade. The new station that will arise on the site will expand into the area formerly occupied by a drive-in restaurant which was also removed via bulldozer.

As a related part of the overall project, the abandoned station at Winchester and Rincon (above right) was also leveled. No plans have been announced as to what will go on that site. But the present city ordinance does not allow a service station.



HONORED--On Monday night, Thayer Lyons, (right) of 143 Carlyn Ave., who has served on the Planning Commission since 1958, was honored for his service to his city by a resolution adopted by the Planning Commission. The resolution was presented to Lyons by Merrill Grim, (left) chairman of the Commission.

Lyons, whose service of 12 years on the Commission is a record for this city, did not seek reappointment. His term expires on August 1 and Monday night was his last meeting as a Commissioner.

Carl F. Kuhn, city manager aide, moves up to new job in Pacifica

Carl F. Kuhn, 29, assistant to City Manager Bob Stephens since Oct. 26, 1966, this week accepted the position of assistant city manager for the City of Pacifica in San Mateo County. He will assume his new duties on August 10.

Kuhn was hired in Oct. 1966 as an administrative assistant and was promoted to assistant to the city manager last year. In Pacifica, he will become, at a substantial increase in salary, the second in command to James A. Swayne, newly-appointed city manager of that city. Swayne had served the previous four years as assistant city manager. Pacifica has a population of 38,000 and was incorporated in 1957.

Since coming to Campbell, Kuhn has taken an active interest in many community activities.

He is now serving as secretary to the Los Gatos Creek Development Committee as well as secretary of the Citizens for Beautification. He is also advisor for the Youth Advisory Commission and serves as liaison officer with the Parks and Recreation Commission.

In recognition of his efforts on behalf of the community, Kuhn, in May, was named young-man-of-the-year and was presented with the distinguished service award by the Campbell JayCees.

Kuhn, and his wife, Harriett have a one-year old daughter, Tiffany, and reside at 1800 W. Hacienda. A native of California, he received his B.A. degree from Aurora College in Illinois and his master's degree in public administration from USC in January, 1969.

Service station signs involve city planners

Campbell Planning Commission members zeroed in on illegal service station signs on Monday night in denying the application of the Cefalu Bros. for an "A-frame" sign at their station at 890 W. Hamilton.

The Cefalus had asked approval of an existing sign for which they had not secured a permit previously.

The application followed the notification by city staff personnel that the sign was in violation.

Art Kee, planning director, explained that a number of other service station operators had been similarly notified but none had applied for permits. Kee's explanation was in answer to Commissioner Dale Scott's inquiry of whether just one station was being singled out for the crackdown.

Scott claimed that there were many such violations throughout the city. His motion to continue the matter failed to get a second and he voted against the denial.

The Commission also deadlocked 3-3 (Commissioner Ed Pack was absent) on zone change application of Marshall S. Davis and Vernon Renner for property located at 1785 and 1801 Hacienda Ave.

The applicants, represented by David Adams, San Jose at-

Residents-city to share costs on street project

Three more residential streets, Catalpa Lane, El Caminito, and California, are scheduled to be improved under the city's unique formula for sharing the construction costs, it was reported this week.

The total project is estimated to exceed $100,000.

Next Monday (July 27) the City Council will act on the formation of a new Local Improvement District (LID #21) in which the city will pick up two-thirds of the cost and the property owners on the streets will pay one-third.

The city's share will come from the bond funds that were voted for street improvements in October, 1967.

Curbs, gutters, sidewalks and street lights will be included in the improvement package as was the case in two other similar projects for residential streets in the same general area (Rincon and Sunnyside-Kennedy). To form an LID, more than 60% of the property owners concerned must favor it.

Other matters on the agenda for next Monday night include the scheduled adoption of a new civic-center zoning ordinance and the zone change for the Syufy Enterprises for the Winchester Drive-In Theater.

The Council committee for the selection of new Planning Commission members (Councilmen Ralph Doetsch and Bill Smeed plus Planning Commissioner Jack Healey) is scheduled to make its recommendations and the Council is expected to make the necessary appointments.

Norm Paul, whose term is expiring on Aug. 1, has asked to be reappointed.

The other appointment will be in place of Thayer Lyons, who has served for the past 12 years, but asked not to be reappointed.

The selection committee met on Tuesday night.

The Council this week was also in receipt of a letter from John R. Turner emphasizing the need to close off White Oaks Road after the new off-ramp is constructed on Highway 17.

A number of residents on White Oaks have persistently asked that the street be closed off. At the last meeting the Council ruled against closing the street, on a sort of trial run, during the construction period.

Board adopts $18.5 million college budget

Trustees of West Valley College adopted a publication budget totaling $18.5 million at their meeting Thursday night.

This budget is approximately $800,000 higher than the tentative budget of $17.7 million adopted in June. This increase reflects an overall 6 per cent increase in salaries granted by the board for certificated and classified personnel of the district, plus carry-over balances from the previous fiscal year.

Public hearing on the budget will come at the board's August 6 meeting.

Trustees also approved additional courses for the fall semester,

Pony League sectional tournament begins Monday

Campbell's Rincon Park will be the setting for the second straight year for the sectional tournament of the Pony League starting next Monday, July 27, at 5:30 p.m.

Campbell-Moreland Pony League, last year's sectional champs, will be the host of the four-team double-elimination affair Monday through Friday. Daily games will begin at 5:30 ap.m.

This week 18 players in the Campbell-Moreland Pony League were named to the all-star team that will play in the tournament. (Three players will be cut from the list before the tourney begins.)

The all-star selection included: George Hahn, Gordon Hahn, (Straw Hat); John Asquith, Rich Barry (Optimists); Mike Burnside, Mike Codiroli, Don Cox, (Valley Athletics); Wayne Hagin, Craig Murata, Ken Pimentel (Gagliardi Bros.); Tom Guardino, Gary Haney (Silver Coach); Tony Barril, Jim Oswald (Asquith Construction); Mitch Flynn (Ron Rife Shell); Ted Bertron, Jim Koojan, Steve Wehr (Albertson's).

The wind-up of the tournament will be on Saturday, August 1, with the game beginning at 1 p.m. If a seventh game is necessary, the final battle will follow the first contest.

The first elimination will take place on Wednesday, July 29, when the losers in the Monday and Tuesday clashes will face each other.

The teams that will meet on Saturday in the finals will be decided after the game on Friday (July 31) when Wednesday's winner and Thursday's loser will battle it out.

In the 1969 sectional tournament which was also held at the Rincon Park field, the Campbell-Moreland all-stars hosted and won the same tournament but the local aggregation lost in the regionals played at Carbon, Utah.

The winner of this year's tournament in Campbell will move on to the regional playoffs in Portland, Oregon.

Campbell - Moreland is a member of Section 2 (south) consisting of leagues in the Santa Clara Valley and the south coast from Santa Cruz to Seaside. There are 19 leagues in the section with 106 teams providing self-sustained, organized and uniformed baseball for 1600 boys in the 13-14 age bracket.

According to Pony League officials, more than 300 people in the section participate on a voluntary basis in the operation of the Pony League and $50,000 is needed annually to operate the teams in the section. All the fund-raising projects are league generated.

Pony League is a unit of Boys Baseball, Inc. which also provides the Mustang program for the 9-10 group, Bronco for 11-12 and Colt for 15-16.

Santa Clara is the defending Colt world champions.

Pony League was organized in Washington, Pennsylvania in 1950 as a local program and is now an international activity. The first leagues in northern California were organized in 1958 in San Jose.

ACTION ON THE BASE-PATHS--Pictured is Steve Davis, shortstop on the 1968 Campbell - Moreland Pony League grabbing second base in the 1968 regional playoffs held at the Castro Junior High field.

On Monday, July 27, the double-elimination Pony League sectional tournament begins at Campbell's Rincon Park. Play begins at 5:30 p.m. daily.

Traffic woes

One of the most gruesome man-constructed and engineered traffic monstrosities that we know of is located right smack nab in our own city, the Highway 17-Camden-San Tomas Expressway-Sunny Oaks-White Oaks interchange (for want of a better name).

The State recently let contracts, totalling almost $3 million, to widen Highway 17 from four to six lanes from south of Camden Ave. to Highway 280 and to revise the Camden Ave. interchange.

We have no idea as to whether the new construction will help or hinder the situation that now exists.

There are some who will probably maintain that there is no possible way to make the traffic situation any worse, so whatever is done to Highway 17, and the interchange or the other streets in the immediate area will be an improvement.

But we are not so sure.

The bad dream that exists there now could conceivably become a real nightmare when it is "improved" to the ultimate.

We readily admit that we haven't the slightest idea of what to do about it.

We now studiously try to avoid using any of the streets that make up that horrifying traffic complex.

And no longer do we try to direct strangers over the route. We quit doing that after the time we had circled it three times trying to find our way out of the maze.

Thus we are in complete sympathy with (1) those who HAVE to travel that route regularly during the peak traffic hours and (2) residents who live on adjacent streets.

For example, residents on White Oaks Road are quite concerned over what the future holds for them trafficwise. The improvement that the State is now making to the interchange and off-ramp, they feel, could very well adversley affect their street.

White Oaks would, in effect, be one of the off-ramps and the street even now quite heavily traveled, would become even more so between Camden and Bascom.

The residents on White Oaks have long desired that the street be closed near Redding Road by a cul-de-sac.

They have petitioned on two occasions over a period of two years, that such action be taken.

Complicating matters is that there is an industrially-zoned area fronting on White Oaks and Camden. The firms in that area feel that it would be better for them if the street was left open.

And compounding the situation even more is that the industrial area and the off-ramp are within the city limits of Campbell while the White Oaks residents, for the most part, live in unincorporated territory.

A further complication was raised at a recent City Council meeting by Councilman Ralph Doetsch. He indicated that the feelings of the residents of Redding Road and Shelley Ave. should be ascertained before any action was taken on closing the street.

Doetsch pointed out that those two streets would get heavier traffic, if White Oaks were closed. He added also that closing the street would indurectly cut-off an

Doetsch pointed out that those two streets would get heavier traffic, if White Oaks was closed. He added also that closing the street would indirectly cut-off an area that is now part of Campbell.

The residents would no longer be able to use White Oaks to get to Camden.

We have not heard from the residents of the area about which Councilman Doetsch is concerned.

But we agree that their route would be made a little more circuitious, if White Oaks was closed.

On the other hand, we wonder how many of them now use that Camden Ave. interchange in getting to and from their homes when the traffic si piled up.

We readily admit that we are prejudiced and that the entire interchange bugs us.

If we lived on White Oaks, we assure you that we would be pushing to have the street closed.

We concede that the City's responsibility must first be to the people within the city limits.

But we don't think in this case that a double cul-de-sac on White Oaks would work a hardship on those on either side of the city fence.

end, 14 accidents took 19 lives and head-on crashes accounted for 10 of the 19 lives, one occurring when a driver swerved to miss a deer and hit an oncoming vehicle.

INCIDENTALLY, a motorcycle also was involved in one of the nine freeway deaths and two of the fatalities were pedestrians on the freeway.

The eight freeway deaths took place in four counties: San Bernardino (4), Los Angeles (2), San Diego (1), and Merced (1).

Admittedly these reports seem to prove that freeway traveling is safer than "conventional" roadways on these long holidays.

But they really don't concern us too much, except for the overall picture.

For some time now, we have made it a practice to keep to our own backyard over the so-called long weekends. We think it is safer even than a freeway.

When we do venture out, if we have to, we try to time it so that we are on the road while people are not going or coming to or from their destinations.

In that way we have kept (so far) from becoming a statistic.

And we prefer it that way.

-O-

HORSES are becoming more common now-a-days than they were 20 years ago, even in this day when three-car families have become the rule rather than the exception.

In a news release recently, the California Highway Patrol appealed to newspapers, where "horseback riding is a recreational pastime", to point out some of the problems that exist when horses and cars meet.

We quote: "Although we have no statistical record of the number of people injured in falls from frightened horses in traffic, we do know that there are a large number of such accidents throughout the state each year......"

It went to say that, if ours is one of those areas where horseback riding is a recreational pastime, they would appreciate our help in directing the news release about horses to the "appropriate editor" on our staff. So, we guess you can call us "appropriate" in this case.

-0-

ANYWAY THE news release points out that "any driver who approaches any horse drawn vehicle or any ridden animal on the highway must reduce speed and stop if necessary to avoid frightening the animal and to insure safety of the rider."

We thought you ought to know that. The release points out that the precaution is required by the California Vehicle Code, and has been since the earliest days of motor vehicles in California.

The directive was spelled out in the code in 1919 and subsequent editions have simplified it and reduced the wordage, but the spirit remains the same.

The horse gets priority.

The code also provides that anyone riding or driving an animal upon a highway has all the rights and duties applicable to the drivers of vehicles under the "rules of the road".

Whereas pedestrians must walk on the left side of the road, facing traffic, horseback riders must ride as far to the right as possible (just like a slow moving vehicle), not follow too closely vehicles or other horses ahead, and yield the right of way in the same circumstances as motor vehicles must yield.

In addition, the horse people must give proper arm signals to indicate turns or lane changes!

We thought you might appreciate knowing all this stuff about how to treat our equine friends when you come upon them on the highways.

The problem is, of course, do the horses know it?

NEW LOOK AT WEST VALLEY—On July 2, in its annual reorganizational meeting, new officers were chosen for the West Valley College district board of trustees. torney, had asked that two pieces of property be changed from R-1 to the new zone of R-M, a zone which allows less density per acre than R-2-S but more than R-1. The applicants originally had requested R-2 but had withdrawn their application until the new R-M had been established.

It was pointed out by Adams that the lots were deep (250-feet) and did not lend themselves to single-family development.

During the discussion, Mrs. Bernie Ackerman, 1775 Hacienda, and Emile Raynall, 1291 Freda Court, told the Commission that they were in favor of up-grading the property but called attention to the past history of the parcels when house trailers had been parked on them. They were assured by Attorney Adams that the trailers would be removed and the owners would comply with the zoning laws.

Commissioner Jack Healey called attention to the fast-diminishing single-family areas in town and thought the area should remain R-1. Commissioners Norm Paul and Frank Klein sided with him while the other three commissioners present, Thayer Lyons, Dale Scott and Merrill Grim, favored the zone change.

The Commission then continued the matter until the next meeting by an unanimous vote.

In another somewhat involved voting action, the Commission denied the request of Guild West for approval of site improvement plans for parking and landscaping of a city-owned lot next to an office/warehouse at 80 Gilman.

Healey maintained that it should be a Council decision as to what should happen to the parking lot and favored referring it to the Council without any action. (Guild West wants to improve the vacant lot for parking purposes to be used jointly with the city.)

His motion, however, failed by a 3-2 vote (Lyons abstaining) with Klein only on his side and Scott, Grim and Paul against it.

Commissioner Paul emphasized that it was the Commission's function to approve or disapprove the site improvement plan. He moved that the application be denied because the needed parking for the office could not be guaranteed. His motion carried unanimously (Lyons abstaining.)

In other actions, the Commission approved modified plans for the PruneYard and also plans for an office building for Sterling Homes at 489 Division.

Ira Kirkorian was granted a one-year extension (to Aug. 17, 1971) for the proposed 71-unit apartment complex.

The Commission also approved the city's six-year capital improvement program with slight modifications as presented by City Manager Bob Stephens.

Letters to the Editor

GOOD SAMARITAN

Dear Editor:

I have read everything imaginable but have never read about a good helping hand neighbor. I am a widow 70½ years of age and live alone, not having any illness for 16 years, always active, and I do all my own work.

I moved to Campbell 3 years-plus ago a stranger; but made the acquaintance of Mrs. June Rice, a fine neighbor across the street from me.

In my neighborhood most people work and I'm a bit shy, so I only had the opportunity to meet Mrs. Rice. If it weren't for her little visits I'd get very lonesome.

A month ago Mrs. Rice came to find me very ill in a semi-coma. I've heard so many tales about getting doctors to one's home, so I told Mrs. Rice I'd be OK, that I wasn't established with a doctor, so couldn't get one. So - this wonderful neighbor with a big garden and lots of her own work came and pulled me through an awful breakdown. Then pneumonia set in my weakened condition. Her husband, Mr. Greg Rice, did my shopping. But for Mrs. June Rice, and of course the Lord's help - I wouldn't be alive today.

I am the same sort of person but it's pitiful there aren't more. A friend of 10 years said - I'd come but I can't stand sick people, they make me feel bad. I'd like to ask people not to wait to call a hearse, but peek in on neighbors you know are alone. I cannot praise a good samaritan like Mrs. June Rice enough, and she is older than I.

Sincerely,
Mrs. Beatrix Gumes

Attic burglar gets cash

An agile burglar removed several sections of a louvered window at the Park Lane Cleaners establishment on S. Winchester, squeezed through the small opening and proceeded to help himself to cash, according to Campbell Police records.

The cleaning establishment lost $100 in cash as well as all the keys to the coin-operated washing and drying machines. The El Charro Restaurant, next door, was next on the list, and entry was apparently made through the attic connecting the two establishments. The El Charro lost $83 in change.

Bike thefts in the area continue with boys 10-speeds being the favorite target. According to John Morgan, Campbell Police Chief, a ring of bike thieves is operating in Santa Clara County.

FAMILY PLANNING

"Any man in the county who wishes a vasectomy may now obtain one, whatever his income," Pat Miller, Executive Director of Planned Parenthood of Santa Clara County announced recently.

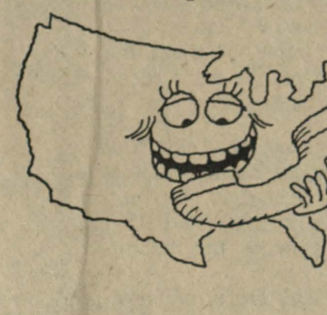
COLLEGE PLAY

"Rally Round the Flag, Boys", a wonderful, wacky comedy which will delight everyone, will be presented at West Valley College July 30, 31 and August 1 at 8:15 p.m.

Admission is open to the public and tickets may be purchased at the door of the Campbell campus auditorium.

THE PHONE BOOTH

Old telephones never die, they just lose their numbers. Over 500 million pounds of used telephone parts are shipped each year to Western Electric Company which manufactures equipment for the Bell System. There the parts are sorted and refined to provide raw materials for new telephones. Many types of equipment are reusable—everything from cable to telephone instruments. This makes possible savings in production costs when new telephone equipment is manufactured. It just makes good sense to get as much mileage out of equipment as possible, and this is one way Western Electric helps us do it.



Who talks the most? Women, you'd probably say. And that may be true, but as a nation, the United States has taken the lead as the most talkative country. According to the latest statistics, Americans averaged 701 telephone conversations a year per person, compared to 692.9 for Canadians, who had led since 1951.

The Question Box

Q What do I do if a salesman on the telephone won't take "no" for an answer?

A Tell him politely, but firmly, that you're not interested in what he's selling. If he persists, simply hang up. If a caller continues to bother you, call your telephone company business office at 288-9000. We want your phone to be a convenience not an annoyance

MR. AND MRS. MICHAEL ABER

Jayne Kathleen Gordon chose a lovely yellow organza gown with a white lace bust, neckline and long yellow chiffon sleeves when she met her bridegroom Michael Alan Aber at the Temple-Emanu-El altar June 21.

The yellow color theme was carried out by her train, flowers on the lace and a yellow headpiece held her white veil. She carried a yellow and white baby rose bouquet with green fernery and stephanotis.

Attending the bride was Mrs. Ronald Kightly as maid of honor wearing a yellow satin floor length Empire styled gown. A green velvet bow set off her gown, and she carried a white and yellow daisy bouquet.

Attired in simmilar gowns were Mrs. R. B. Moon, and Mrs. Abbass Golpour as bridesmaids.

Escorting the bride down the aisle were her parents, Mr. and Mrs. Harry Anderson, who both joined in giving their daughter in marriage. The groom was also escorted by his parents, Mr. and Mrs. Solomon Aber of Arroyo Seco Ave. in Campbell.

The new Mrs. Aber attended Pioneer High in San Jose and is employed at the Taco Siesta which is managed by her husband.

For her daughter's wedding Mrs. Anderson wore a pink chiffon dress fashioned with long sleeves,pearled cuffs and waist and accented with pink accessories and a gardenia corsage.

Michael carried out the yellow and green color theme with his wedding attire of a black Edwardian tux, yellow ruffled shirt, green velvet bow tie and yellow rose in his lapel.

The newly-weds are now making their home in Campbell.

Mrs. Watson enjoys trip

The trip included a tour of the Grand Canyon, attendance at the Grand National Indian Powwow in Flagstaff, and a trip up the Colorado River to Rainbow Bridge, which was first discovered in August, 1909, by Watson's great uncle, John Wetherill. Wetherill was the first white man to ever see the wonder of nature.

A side trip to Bodie, a ghost town, was also enjoyed by the Campbell residents before they returned home.

ON CAPITOL HILL

with "Charlie" Gubser

Some weeks ago I took the the lead in an effort to have the vote of every Congressman recorded on major issues. More than fifty others joined me to form a bipartisan group which appeared so formidable that I was asked to join with another group promoting a different version of the so-called "anti-secrecy" amendment. By joining forces we felt we had a majority and could plan our strategy. Congressman Thomas P. O'Neill (D-Mass.) and I were selected to jointly sponsor the amendment. We both believed the public has a right to know how a Congressman votes.

Some reformers tend to push the "anti-secrecy" movement a little too far, I agree that all votes should be on the record both in committee and in the House, but the matter of forcing all committee sessions to be held in the open is quite different. In a few cases a closed session is in the national interest.

The Armed Services Committee for example must conduct most of its sessions in private for the simple reason that highly sensitive and classified information is involved. Frequently a witness is unable in public session to respond to a question because it involves sensitive, classified material. As a result experience has proven that our annual "posture" and "procurement" hearings must be held in secret. Most other hearings are public.

I serve on a Special CIA Subcommittee which receives top secret, sensitive information on a regular basis. If such briefings were held in public, they would be watered down to the point where we who specialize in military legislation would be denied the full truth on which to base our decisions. Of course, there are some who argue that any closed discussion involving the military must of necessity be evil. In their ignorance these people do a great disservice to the national security. Outlawing secret meetings would not give additional information to the public; rather, it would only mean less information for those who have a need to know.

Last December, the full Armed Services Committee started an investigation of the alleged massacre at My Lai. Because 40 members were involved and the press corps waited outside to interview them, numerous leaks of information, some of it erroneous, were the result. Immediately it became obvious that to continue would turn the investigation into a Roman Circus and probably so prejudice the rights of the accused as to cause a mistrial. So a subcommittee of only four members was constituted, of which I was one.

We approached our task almost as condemned men feeling that we couldn't help but lose. But the investigation continued for 7-1/2 months without a single leak. Finally, we issued a frank and forthright report which told the American public the truth as we had learned it.

The candor and the complete revelation of our subcommittee report was made possible only because it was developed in secret without publicity. So in this instance, secrecy gave the American public the truth---and the whole truth.

All of said work is to be done at the places and in the particular locations, of the forms, sizes and dimensions and of the materials, and to the lines and grades and at the elevations as shown and delineated upon the plans, profiles and specifications made therefor and preliminarily approved by said Council on July 13, 1970.

Payments will be made in cash by said City to the contractor in accordance with the provisions of the specifications and on itemized estimates duly certified and approved by the Director of Public Works submitted in accordance therewith, based on labor and materials incorporated into said work during the preceding month by the contractor. However, notice is given that a period of 30 days is given to the property owners in which to pay their assessments, and if cash collections are insufficient to meet such monthly estimates, there will be a delay in making such payments until money is received from the sale of bonds issued upon the unpaid assessments.

Notice is hereby given that on July 13, 1970, the Council adopted a resolution determining the general prevailing rate of per diem wages to be paid to the various craftsmen and laborers required to construct said improvements, a copy of which wage scale is hereto attached and made a part hereof, and also contained in and made a part of the specifications for said work, to which reference is hereby made for further particulars.

All proposals or bids shall be accompanied by cash, cashier's or certified check payable to the order of the City Clerk, amounting to ten percent (10%) of the bid, or by a bond in said amount and payable to said Clerk signed by the bidder and a corporate surety, or by the bidder and two sureties who shall justify before any officer competent to administer an oath, in double said amount and over and above all statutory exemptions. The amount so posted shall be forfeited to said City in case the bidder depositing the same does not, within 15 days after written notice that the contract has been awarded to him, enter into a contract with the City.

Contractor shall furnish to City a faithful performance bond and labor and material bond as required in said specifications.

Said sealed proposals shall be delivered to the City Clerk of said City on or before 2:00 o'clock P.M., of the 18th day of August, 1970, City Hall, Campbell, California, said time being at least fourteen days from the time of first publication of this notice. A DAY TO REMEMBER—Mrs. Harold McClelland, 1880 Crestmont Dr., arrived home the other day from Los Angeles. Greeting her at the airport were a group of friends, led by her pastor, the Rev. Glenn D. Anderson of the Willow Glen Baptist Church, who placed a popcorn lei about her neck. Colorful balloons, flash bulbs popping completed the welcome home party for the "celebrity" who is noted for her wonderful helping hands to others.

Mrs. McClelland had flown to L. A. to hear her youngest son, Bryan, perform as a member of the singing group "Sounds of Purpose". He is associated with the Thurlow Spurr and the "Spurrlows" working for the promotion of safer driving with the Chrysler Corporation. During the concert Bryan had two solo sections. Above is Mrs. McClelland with her "lei".

Teen-age Hi-Jinx club helps Arizonia Indian boy

Sponsoring a 16-year old Papago Indian boy through the "Save the Children Federation" has been the chief project of the Hi-Jinx Club of Zion Lutheran Church, 3257 Payne Ave. The club consists of junior high age youth who have earned all their own money through hiring themselves out for various jobs in order to send the $15 a month toward keeping Tom Jose in a boarding school in Sells, Ariz.

This contribution helps to purchase the necessary school supplies and clothing, enabling Tom to continue his schooling and also helps in the Papago Indian community with community projects.

The club has also done much work locally by providing tray favors for Christmas, Valentine's Day and Easter to the patients at the Chandler Convalescent Hospital, Payne Ave., Campbell and San Tomas Branch Convalescent Hospital, Payne Ave.

Tissue holders and favors were provided for the Agnew State Hospital patients at Christmas time; 40 filled Christmas stockings and decorated matchbooks were presented to the Volunteer Bureau of Santa Clara County for distribution; food and clothing were collected for migrant workers in the area and an Easter Egg Hunt was presented for the younger children of the Zion Lutheran Sunday School.

Pastor R. B. Wiederanders of the church has also praised the group for their help with the Sunday School Christmas programs and in presenting an inspiring Easter Worship Service for the young people of the church. Besides donating many, many hours to achieve the above goals, the group enjoyed bowling.

Members of the group include Paul Goplen, Dawn Groten, Wayne Booth, Ann Elliott, Terry Ramsey, Luanne Coker, Layla Tawil, Bill Jensen, Bill Plimpton and Brian Canatsy.

BANANAS IN CAMPBELL?–A banana tree growing at 480 N. Harrison Ave. doesn't know that bananas aren't supposed to grow in this area. The tree, planted as a slip a year ago on the east side of the house by Anamae Pereira, produced a cluster of approximately 30 bananas, about five inches long. The fruit was delicious with a slightly sweeter flavor than the commercially grown bananas.

Obituaries

GENEVIEVE VAN ARSDELL

Services were held last week for Mrs. Genevieve VanArsdell, 72, whose great-grandfather, Benjamin Campbell, established the city of Campbell.

Mrs. VanArsdell was a native of Campbell and lived in the area until the last four and one-half years, when she moved to Tres Pinos. She passed away in a Hollister hospital following an extended illness.

She was the widow of Dwight W. VanArsdell and together had a prune ranch on Williams Road which they operated for almost 30 years.

Survivors include her son, Richard VanArsdell of San Jose, two daughters, Ethelmae Prentice of San Jose and Carol Ann Hagins of Hollister. She also leaves 14 grandchildren and five great-grandchildren.

JOHN H. COSPER

Funeral services were held last week for Col. John H. Cosper, 73, of 59 Palomar Real. Col. Cosper, a retired army career man, was in the Army Corps of Engineers for 37 years. During W. W. II, he was awarded the Legion of Merit for supervising the development and reconstruction of the French city of Rouen.

He later served in Japan and was instrumental in transferring buildings into hospitals.

WVC trustees eye campus site in Santa Clara

West Valley College Trustees took steps Thursday night to secure the Mission College site they desire in Santa Clara.

Trustees authorized James P. Hardy, superintendent, to draw up a specific proposal for acquisition of the site for subsequent consideration by the board.

The site under consideration involves more than 100 acres at the northwest corner of Bayshore Freeway and Coffin Road.

There have been suggestions in the past that a non-profit corporation be formed which would purchase the site and then lease it back to the college district.

Hardy explained to the six board members present that many legal and financial questions were unanswered and could only be resolved after the college had drawn up a proposal. This could only be accomplished by giving him the go ahead to work with the staff of the city of Santa Clara, and to hire whatever legal, financial and engineering services needed in order to draw up a proposal utilizing the idea of the non-profit corporation.

Board member Edward Panelli concurred. "No one has taken the ball and run with it," he said. He then urged fellow trustees to authorize Hardy to take whatever steps were necessary to draw up such a proposal.

Santa Clara city councilmen indicated earlier in the week that they wanted a written proposal from the West Valley College District before proceeding with plans for the non-profit corporation.

CONCERT SYMPHONY

West Valley College's Symphony Orchestra will present a concert at the Los Gatos High School auditorium July 30.

Cesare Claudio will direct the symphony in its 8 p.m. concert. Mrs. Lorraine Dorais, pianist, will be featured on the program.
